## SHANKS SAYS HE'S NOT A CANDIDATE

But Woods Promise To Be Full Of Democrats Who Want To Oppose Swope

Hon. William H. Shanks, of Stanford, who spent the weekend here with his wife, who is at the bedside of her brother, Tom Baldwin, Jr., says that he has about decided not to make the race for the Democratic nomination for Congress in this district. Mr. Shanks is president of Lincoln County National Bank, and since the death of Cashier W. M. Bright, much of the burden of that splendid big country bank has fallen upon his shoulders. A new cashier has been elected but he does not as yet know the community and business as thoroughly as Mr. Shanks, and the latter feels that he could not properly take the time to make a thorough canvass of the district, which would be necessary. Mr. Shanks has had tenders of support from many prominent Democrats. In the event, he should announce, it is understood, and well posted observers thought he had a splendid opportunity.

The fact that he is not to enter will make this race the more interesting. There is as yet but one candidate—Judge Ralph Gilbert, of Shelbyville. It is being reported that Col. Frank Rippey, of Anderson county, will also shy his castor into the ring, but as yet he has not sent formal announcements to the newspapers of the district and until that is done, no candidate is "in" the race.

Reports are circulating that there will be a number of other candidates. Editor and Attorney Joe E. Robinson, of Garrard county, is said to be a sure starter now that his friend, Judge C. A. Hardin has declared himself out of the running. Then, Senator Jay Harlan, of Boyle, is reported to be feeling his way, with a prospect of entering.

Former State Senator Charley Montgomery, of Casey county, who once made a creditable race against the late Harvey Helm, has a number of warm friends over the district who would like to see him make the race, and Adair county has a strong democrat in the person of Attorney Gordon Montgomery, who would make a fine race. Then there is Attorney Everett Hoover, of Jessamine county. Admirers of Judge W. R. Shackelford, here, have told him repeatedly that he could win this race hands down, if he would enter, but Judge Shackelford says he is "out of politics" as Circuit Judges properly should be and as most of them are—the non-partisan judiciary advocates to the contrary notwithstanding. However, Judge Shackelford's friends up in this end of the state, knowing his great abilities and qualifications are going to offer him as a candidate for the governorship along about the time Ed Morrow gets through with it, and so they are not urging him very strongly to get into the congressional race, just at this time.

However, there will apparently be plenty of candidates and a merry little contest for the nomination. Just now, however, Judge Ralph Gilbert, of Shelbyville, seems to be getting quite a jump on the boys, for he is the only one who has proven that he is in the race with both feet by putting his announcement in the district papers, and it is understood that he is right now out over the district shaking hands with the dear voters. It's some pleasant little job, to travel over the 11 counties of the 8th district—if a fellow likes that sort of thing—and Judge Gilbert has evidently already mapped out a delightful spring and summer tour, before his prospective opponents have even looked up train and stage schedules.

Speaking of Judge Ralph Gilbert's candidacy, the other day, the Louisville Times' political writer had this:

The entry of Judge Gilbert in the Eighth District congressional race recalls two memorable contests for the same nomination made by his father, the late Congressman George G. Gilbert, who served four terms. In 1898, after a bitter fight he won the nomination in the district convention at Danville over James B. McCreary and John E. Thompson. A

## UNFAVORABLE VOTE FORECAST ON TREATY

(By Associated Press) Washington, March 1—An early and unfavorable vote on ratification of the peace treaty is forecast in the Senate today when the republican leaders, replying to the demands of the treaty's irreconcilable opponents, reaffirmed their decision not to accept any change of substance or language in the republican reservation to Article 10.

## RAILROADS BACK IN PRIVATE OWNERSHIP

(By Associated Press) Washington, March 1—The United States Railroad Administration, the governmental agency which for more than two years controlled the operation of the nation's railroad system, today passed out of existence. With its passing at midnight 230 lines which had been merged into practically one gigantic system, again went under control of private interests, free to operate in competition as of old. The transfer was without incident and there was nothing to indicate to the traveling public there had been a change.

The railroads were notified today by the Interstate Commerce Commission of the new powers delegated to that body and the rights and privileges accorded the carriers by the new railroad law. The commission explained that the provisions of the law against rate reductions prior to September 1st, without the commission's approval were mandatory but that changes in rates, classifications, and practices in which a decision had been entered by the commission would be effective on the date designated and such changes effected prior to today will stand.

## PROF. H. H. BROCK LOSES HIS MOTHER

Mrs. Elizabeth Brock passed away at the home of her daughter Mrs. F. N. Baker, in Macon, Ga., after an illness of several months, having had three strokes of paralysis. She was a lovely christian character and was greatly beloved by a large circle of friends here where she formerly made her home. She was 82 years old, a devoted member of the Methodist church. She is survived by one daughter, Mrs. Baker, in Macon, and two sons, Mr. James Brock, cashier of the Mississippi Valley Trust Co., at St. Louis, Mo., and Prof. H. H. Brock, of this city to whom the deepest sympathy of their many friends is extended in their deepest sorrow.

## Mule Market Still High

The mule market was way up again here Monday, county court day. Buyers complained that prices were far beyond them but some of the best offered changed hands rapidly during the day, it was noticed. One pair was reported as having been sold as high as \$800, and another pair at \$750. Mr. John L. Lackey sold a pair of aged mare mules to John Goggin, of Boyle county, for \$550.

## Fight On Radicalism

(By Associated Press) St. Louis, Mo., March 1—Representatives of 18 states, including Kentucky, met here today and declared war on radicalism. The conference was called to discuss plan to combat Bolshevism and kindred doctrines and rouse apathetic citizens to a realization of their patriotic duty as Americans.

Other time he obtained renomination without opposition after the district convention at Shelbyville had become hopelessly deadlocked, and the district committee later calling a primary, his opponents withdrew one by one on account of illness.

## NO SPECIAL SESSION OF LEGISLATURE

Morrow Doesn't Want Too Much Money For Roads At Start—School Bills Thro'

(By Associated Press) Louisville, March 1—The Times Frankfort special today says there will be no extraordinary session of the Kentucky General Assembly to enact revenue measures to finance the new state highway project. It can be definitely stated that Gov. Morrow is satisfied there will be sufficient revenue available for all work that can be done in the next two years and he believes too much money at the inception of the project will constitute a real danger.

The Kentucky Educational Association saw the major portion of its legislative program successfully carried out when the Senate gave its approval on Friday to two House bills submitting constitutional amendments and the bill fixing a minimum salary of \$75 a month for rural teachers.

On Thursday the House had concurred in the Senate bill removing county schools from politics by requiring the election of non-partisan school boards and the appointment by this board of the county superintendent. This measure also contained the provision that counties must levy a tax of at least 25 cents on the \$100 of property for school purposes.

There are a number of other measures for the good of Kentucky's schools, some of which are as yet not acted upon, but these four now ready for the governor's signature, are the most important and the campaign for reorganization of the state educational system can be considered a success.

State Superintendent of Public Instruction George F. Colvin, State Supervisor of Rural Schools Virgil Chapman, and others in the department have worked steadily for the program and have placed their campaign on so high a plane that members of both parties have willingly supported it.

One of the proposed constitutional amendments does away with the election of the State Superintendent of Public Instruction and provides for his appointment so that he will not be subject to the vagaries of politics. The other gives the state legislative power to determine the method of distributing the state school fund in place of the present method of apportioning it to counties in direct proportion to the school population. It provides further that all except 10 per cent shall be distributed upon the per capita basis as at present and the remainder shall be used as a state aid fund to assist especially needy districts and to stimulate and encourage increased local taxation. This fund will amount to approximately \$300,000. The two amendments will be voted upon at the November, 1922, election.

## Buy Nice Saddle Mare

Douglas Chenault bought a nice walking saddle mare from the estate of the late Judge John W. Hughes at the sales in Lexington last week. He paid \$190 for her and could have sold her for \$250 before he rode her home but decided to keep her as she is a dandy.

## BASKET BALL TONIGHT

Tonight at 8 o'clock the Madison High School basketball team will line up against the Kentucky Wesleyan team from Winchester. The team is in fine trim and a great game is expected.

## Alabama Senator Dead

Washington, March 1—Senator John H. Bankhead, of Alabama, died here today after an illness of several weeks of grip.

The ladies of Million Rebekah Lodge, No. 28, will have a pie supper at the Odd Fellows' Hall over the opera house Tuesday evening, at 8:15, March 2nd. This is open to the public and the Rebekahs urge everyone to be present and have a big time.

A POOR cup of coffee often upsets the happiness of a whole day. On the other hand, a steaming, fragrant, rich, aromatic cup of coffee starts things out just right. There's a lot of cheer in a cup of Rookwood coffee. D. B. McKinnis y&c Company.

This picture shows a doctor in the city laboratories preparing the anti-toxin for Chicago patients who are suffering with the influenza.

## STEEL TRUST WINS IN SUPREME COURT

(By Associated Press) Washington, March 1—The Supreme court today upheld the formation of the United States Steel Corporation and its subsidiary combinations in the iron and steel industry refusing to dissolve the so-called "steel trust." The court dismissed the federal government's Sherman law suit for dissolution. The court's opinion was that the practices complained of had been abandoned. The court declined to enjoin the restraint of trade charged and also denied an order to break up a supercombination, said to be the world's greatest industrial organization, with assets exceeding two billion dollars. The government's suit is permitted, however, to sue again if the corporation actually resorts to illegal, wrongful, or repressive practices.

## TO ARGUE PROHIBITION CASES NEXT MONDAY

(By Associated Press) Washington, March 1—Charles E. Hughes today asked the Supreme Court for permission to present a brief on behalf of 21 states in support of the government's motion to dismiss the original proceedings brought by Rhode Island to test the constitutionality of the federal prohibition amendment. The case will be argued next Monday. At the same time, William Bullitt, of Louisville, asked the Court to hear arguments Monday on an appeal brought by the Kentucky Distilleries and Warehouse Company from the federal court decrees upholding the validity of the prohibition amendment.

## Steps Resale Price Fixing

(By Associated Press) Washington, March 1—In interpreting the Sherman anti-trust act today, the Supreme Court reversed the federal court decrees which held the statute did not prohibit resale price fixing unless there was an intention of creating a monopoly.

## Another Bandit Victim

(By Associated Press) Nogales, Ariz., March 1—With the death here early today of J. A. Fraser, American storekeeper of Ruby Postoffice, 30 miles from here, the death toll as a result of a raid by Mexican bandits on Fraser's general store Friday was increased to two. Fraser's brother and business partner died Friday. Sheriff Earhart returned here today after a fruitless search into Mexico for the bandits.

Fifty cases of caramel water, bottles being labelled with a popular brand and bearing bogus government stamps, which figured in a \$5,000 swindle perpetrated at Louisville, were found abandoned near New Albany, but who were the swindlers or the dupes is not revealed.

## BOYLE VOTES BONDS FOR MODEL ROADWAY

Advocates of the Federal Highway from Richmond on to Lancaster and Danville, and thence to the western branch of the Dixie Highway, were greatly pleased with the result of the bond election in Boyle county last week. Boyle voted her 15 cents special road tax to take care of her end of the road by a vote of 961 to 228. Only two precincts out of 14 in that county voted against the special tax. Garrard county votes on her special bond issue this month. Madison is pledged to do her part so it seems assured that this splendid roadway will be built.

In this connection, those who have business along the Lexington pike are urging that something be done for that roadway. It is said to be in the worst condition that it ever was known to be in. A theatre party from Richmond was stuck in the mud returning home the other night, and another car could not pull the mired one out of the rut, it had a wheel buried so deeply and the roadway was so bad. A team of big mules had to be brought to the rescue the next day. Fayette is preparing to build a model roadway from the river on to Lexington, on her side of the river, and Madison should not lag behind.

## DIES IN NICHOLASVILLE HAS RELATIVES HERE

Miss Emma Cook, one of Nicholasville's most estimable women, died Tuesday, Feb. 24, of pneumonia, resulting from flu. The deceased was 67 years of age, a native of Nicholasville and had resided here all her life. "Miss Emma", as her friends knew her, was a woman of true worth, consecrated to her church in service, firm in her decisions for right, charitable to a fault, modest and retiring in her nature, and was loved by all who knew her. For many years she was connected with the Hotel Nicholas and contributed much to its successful management.

Deceased was a near relative of Mesdames R. E. Turley, T. T. Covington, G. W. Goodloe of this city.

## KILLED IN OKLAHOMA

News has been received here telling of the death of Clayburn Adams, a former resident of Madison county at his home in Oklahoma. His death was due to injuries received by being thrown from a horse. He is survived by a wife and several children.

## EYES

Eyes are bold as lions, roving, running, leaping, here and there, far and near. They speak all languages; they wait for no introduction; ask no leave of age or rank; they respect neither poverty nor riches; neither learning nor power nor virtue, nor sex, but intrude and come again, and go through and through you in a moment of time. What inundation of life and thought is discharged from one soul into another through them! —Emerson.

## THE WEATHER

Fair tonight and Tuesday; slightly warmer Tuesday.

## LOCAL MARKET TO CLOSE MARCH 12

Great Record Made This Season By Richmond's Two Warehouses

The Richmond tobacco market will close Friday, March 12th. This has been finally decided upon as it is believed that all weed that is out will be on the floors on that day. The last sale will be held Friday, the 12th, and the season will then close as far as the local market is concerned. There was some selling Monday and there will be other sales on Friday, March 5th, and Tuesday, the 9th, with the closing sale on the 12th.

The season just closing has been the most successful ever known on the local market. Growers have received higher prices than ever before in the history of tobacco raising and everyone is well pleased. So far the Richmond market has sold over 8,000,000 pounds and there will be several hundred thousand pounds sold before the close comes. Supervisor of Sales Stone Norman makes the following report of sales up to and including Friday, February 27th:

Home House sold 4,920,515 lbs. for \$2,276,504.85; Madison House sold 3,258,250 lbs. for \$1,522,013.43; Total sales 8,188,765 lbs. for \$3,798,518.28.

The Daily Register stated the other day that about eight million pounds were sold last year on the local breaks, when the facts are that only six and a half million pounds were sold here. So that the record that has been made by Richmond's two loose leaf warehouses this season is all the more remarkable in view of the fact that a new warehouse was built at Lancaster. The Lancaster market closed last Friday, having sold a total of slightly over 4,000,000.

Edwards and Winkler sold the following baskets: 130 lbs at 69c; 190 lbs at 93c; 400 lbs at 99c; 160 lbs at 82c; 295 lbs at 82c; 205 lbs at 75c; 382 lbs at 59c; 235 lbs at 25c; 80 lbs at 44c.

Allen Turner sold the following baskets: 235 lbs at 35c; 235 lbs at 48c; 380 lbs at 58c; 245 lbs at 60c; 230 lbs at 60c; 315 lbs at 70 lbs at 50c; 190 lbs at 50c; 220 lbs at 40c; 280 lbs at 8c; 170 lbs at 14 1-2c; 100 lbs at 10c; 200 lbs at 5 1-2c.

Coyle and Layton sold the following baskets: 315 lbs at 52c; 215 lbs at 55c; 210 lbs at 75c; 230 lbs at 78c; 190 lbs at 65c; 50 lbs at 75c; 35 lbs at 75c; 125 lbs at 75c; 85 lbs at 75c; 175 lbs at 60c; 125 lbs at 40c; 255 lbs at 40c.

Campbell and Coats sold the following baskets: 165 lbs at 12c; 285 lbs at 55c; 360 lbs at 50c; 365 lbs at 80c; 240 lbs at 85c; 250 lbs at 84c; 220 lbs at 83c; 325 lbs at 77c; 155 lbs at 79c; 115 lbs at 60c; 160 lbs at 65c; 285 lbs at 51c; 210 lbs at 50c.

Norris and Sowers sold the following baskets: 175 lbs at 31c; 30 lbs at 52c; 200 lbs at 90c; 115 lbs at 49c; 140 lbs at 10c; 75 lbs at 10c; 100 lbs at 5c.

Gentry and Campbell sold the following baskets: 475 lbs at 5c; 230 lbs at 8 1-4c; 95 lbs at 8 1-4c; 165 lbs at 9 1-4c; 90 lbs at 20c; 15 lbs at 15c; 60 lbs at 15c; 25 lbs at 44c; 250 lbs at 4c.

Ed Turner sold the following baskets: 200 lbs at 47c; 215 lbs at 70c; 155 lbs at 76c; 105 lbs at 75c; 170 lbs at 86c; 95 lbs at 77c; 40 lbs at 76c; 180 lbs at 70c; 300 lbs at 46c; 235 lbs at 36c; 190 lbs at 15 1-2c; 190 lbs at 13 1-4c; 40 lbs at 7 1-2c.

W. R. Lanter and son sold the following baskets: 300 lbs at 65c; 290 lbs at 97c; 115 lbs at 97c; 240 lbs at 89c; 290 lbs at 98c; 230 lbs at 74c; 315 lbs at 59c; 30 lbs at 27c; 300 lbs at 74c; 305 lbs at 50c; 290 lbs at 35c; 135 lbs at 7 1-2c; 85 lbs at 7 1-2c; 190 lbs at 16c.

## HARRY MILLER TO BE PRINCIPAL SPEAKER

At American Legion Memorial Service Wednesday—Description of the Diplomas

City Attorney Harry Miller, of Lexington, will be the principal speaker at the American Legion memorial services at the First Christian church Wednesday evening. Post Commander Harry D. Rice is arranging a very attractive program for the presentation of the French diplomas to the families of the Madison county boys who gave their lives for their country. He will probably have it ready to be published Tuesday. The diplomas presented by the French government will undoubtedly be very highly prized by everyone who receives one. The diplomas are officially described as follows:

The group is placed on a cenotaph on which is engraved, in French, the following deicide, above the signature of the President of the French Republic, Raymond Poincare.

To The Memory of Of the United States of America FRANCE'S HOMAGE The President of the Republic

Signature—The principal figure of the group symbolizes the soul and spirit of the American Army which helped France to maintain alive the flame of the torch of liberty and justice.

The sword is not in the scabbard but ready at any moment to protect and defend against the weak and oppressed—who are symbolized in the group to the left, by a mother holding her baby to her breast—and to insure freedom and justice to the coming generations, represented by the figure of the kneeling boy, praying and thanking God for deliverance.

At the right, the figure of a man, chained and shackled, symbolizes the spirit of evil and the victory over our enemies. Also at the right, crowning the spirit of America, stands "Glory" who rejoices with the old war veteran, standing to the left of the principal figure, symbolizing the armies, who are always ready to fight for the good of humanity.

Universal fame is symbolized by the winged figure, flying over the group, and trumpeting to the world the great triumph in which the United States participated. The American eagle posed on the staff of peace watches zealously, and stands ready to swoop in case our enemies again endeavor to disturb the peace of the world, so dearly acquired.

The entire group is framed by a border of oak and laurel leaves which are always discerned to the visitors. At the foot of the cenotaph the flags of France and America are draped and joined together by a wreath, which is the mark of gratitude and homage which France pays to our sons who gave their lives for liberty and justice.

The lines engraved on the wall behind the group are taken from one of Victor Hugo's famous poems, and when translated read—"Those who died piously for their country, Have the right at their graves, the people come to pray".

## WILL MOVE TO CYNTHIANA

Mr. and Mrs. Everett Witt closed a deal last week with the heirs for the J. C. Hamilton property, which is admirably located in Cynthiana. The house consists of 10 rooms, and has all modern conveniences. Mr. Neville Witt, who some weeks ago, secured a responsible position in the bank at Cynthiana, has also been given the Sub-agency for the Buick car. Mrs. Witt and son to make their permanent home in Cynthiana. Mr. Witt having been very successful in business there for several years. Richmond friends regret exceedingly to give them up, but follow them with best wishes for success in their new home.

## CALDWELL DEFEATS MODEL

The 7th grade Caldwell school defeated the 7th Grade Model in basket ball Friday afternoon in Caldwell Gymnasium score 19 to 2.

Unslungling his gun as he returned from duck hunting, Morris Bradford, of Union county, accidentally discharged it, the charge taking effect in the hip of his 11-year-old brother, Roy, and causing his death a few hours later.

The school at South Elkhorn, Fayette county, closed because mothers were afraid to have their children on highways following the murder of Geneva Hardman, has been reopened.

### Woman Suffrage

The Woman's Suffrage state amendment in the House was again set back by the Republicans at Frankfort. Prospect that the national amendment might not get sufficient ratifying states for women to vote next November is beginning to make its effect felt in administration circles. The Republicans fear that if the women vote in Kentucky their natural inclination to favor the League of Nations and to vote for a reasonable protection against future wars would be an important factor in the fall election. They do not want state suffrage tho it would not go into effect in time for the 1920 vote, especially as the movement for it came from a Democratic representative, A. L. Hamilton, of Fayette county.

### Oil Jumps Up Again

Kentucky oil men are highly elated over the new advance in Kentucky crude oil to \$3.50 a barrel, which makes it profitable business to pump the smallest producers in the field. The high price for Somerset oil will no doubt result in some deep drilling in the Eastern Kentucky fields where producing has been secured from shallow sands. The Old Dominion well that flowed from 200 to 250 barrels after pumping 25 to 30 barrels for several weeks,

but if there is a deep sand in the Big Sinking district as productive as the Old Dominion flowing well indicates another run can be expected to that field when weather opens this spring.

In view of the fact that the monthly production of crude oil in Kentucky fields approximates 500,000 barrels, the additional advance of 25 cents a barrel in the

### This Man Who Endorses Volatonic Knew Cincinnati As A Village

When James Dryer, 425 Clinton street, Cincinnati, O., gave a statement about Volatonic for publication recently the entire city of Cincinnati was interested.

Mr. Dryer, who is 93 years old, moved to Cincinnati in 1835 and knew that city as a village of about 2,000. He probably is one of the oldest residents of the city yet living and everybody was interested in what he had to say about Volatonic.

Stating that Volatonic had made him feel years younger, Mr. Dryer went on to explain his case fully.

"Unfortunately, I had influenza last winter and have not been strong since," Mr. Dryer said. "My vitality was low due to my age and the influenza further weakened me. I couldn't sleep well and was very nervous at times."

"Volatonic is excellent for elderly people and for anybody else who needs more strength."

There's wisdom in the words of a 93-year-old man. Years before most of us were born, James Dryer was studying conditions and accumulating knowledge. You can have faith and confidence in what he says. And he says Volatonic is excellent for anybody needing more strength. If you are weak and run down get Volatonic TODAY!

Volatonic, Builder Of Health, is being introduced in

price of the Somerset grade of crude means a small fortune to the Kentucky producers. On this basis of production the additional revenue to them would be approximately \$125,000 a month.

### Thrift Stamp Week Now On For The Children

Every child in America should be made acquainted with the fact that 25 cent Thrift Stamps are a splendid means of saving money. Parents should know what a fine thing it is for their children to cultivate saving habits through the agency of the Thrift Stamp.

To accomplish these two ends the Savings Division of the Treasury Department has designated the first week in March as the time, when in schools, and homes in every part of the United States interest shall be aroused in Thrift Stamps. Through the public press, school journals, notices on school bulletin boards, in college papers, women's club programs, lodge meetings, etc., the message of the 25 cent security will be universally carried.

This week not a "drive" whose purpose is to dispose of a tremendous number of Thrift Stamps during the days named. Rather it is an intensive educational movement to implant thrift in the minds of the young. It is hoped that every superintendent and teacher in the United States will aid in making Thrift Stamp Week, March 1 to 6 an impressive success.

### TESTING ROADS FOR HEAVY TRAVEL

State highway departments are vitally interested in the successful outcome of comprehensive experiments and tests now being made by the Bureau of Public Roads of the United States Department of Agriculture. One state engineer recently declared that millions of dollars in his state are involved in the proper design of road surfaces, which makes up one of the problems being investigated by the Federal engineers.

The coming into general use of the heavy motor truck has practically revolutionized the science of road building. Big new problems came when loads of vehicles that placed a weight one-fourth as much or less. The road built 10 years ago were constructed before this fact could be realized, which is one of the reasons why many "permanent" roads have proved to be imprudent.

One of the testing experiments being made by the Federal bureau involves the use of a 49-section roadway in the Arlington farm, owned by the Department of Agriculture. Each section was built from a different type of material, or with different method of construction. The same use is given to each section, so that eventually the type of construction best suited to heavy traffic will prove itself.

### Why Not Madison High?

Fifteen high schools have already enrolled with S. A. Boles, athletic director at the University of Kentucky, for the Kentucky High School Athletic Association basketball tournament, which will be held at the University of Kentucky March 12 and 13. Several other high schools are expected to enter before the time for the tournament starts.

The university will provide entertainment for eight players and a coach from each high school and will award a silver loving cup to the school that wins the championship.

Schools already enrolled are Covington, Newport, Ashland, Georgetown, Owensboro, Pikeville, Monticello, Clark county high, Hopkinsville, Paducah, Somerset, Danville, Paris, Lexington Senior high and Highlands high school, Ft. Thomas.

James Black and W. H. Hunter, successors to Hathaway & Co., on Irving street, beginning March 1st, are now ready to do business—Undertaking and Embalming, Coal, Livery, Hatching and Taxi Service. Day phone 322; night phone 729.

## MANY PROMINENT MEN COME OUT FOR TANLAC

Mayors, Judges, Bankers, Lawyers, Doctors, Editors, and Ministers Endorse It

### FEEL IT THEIR DUTY TO TALK

They Come Forward and Unhesitatingly Tell Suffering Humanity What Celebrated Medicine Has Done For Them.

It is seldom, indeed, that men of prominence, especially men holding high public office, willingly express their indebtedness publicly to a proprietary medicine. Many prominent men, however, including supreme court judges, mayors of our leading cities, prominent state and county officials, bankers, lawyers, doctors, editors, leading educators, government officials and even ministers of the Gospel have deemed it their duty to come forward and tell the people what Tanlac has done for them.

These well-known men of affairs have recognized in this medicine a new discovery and a scientific triumph in the medical world. It is a well-known fact that these splendid endorsements have been given Tanlac time and time again and they will continue to be given just as often as new tests of its powers are made; and it also explains why numbers of the big drug firms of the country are ordering it exclusively in carload lots.

### Doctor Prescribes It

Dr. J. T. Edwards, of Fayetteville, Ga., one of the best-known members of the medical profession in the state of Georgia, makes a statement that will undoubtedly produce a profound impression throughout the country.

"In my thirty years of actual practice as a licensed physician in the state of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I have no hesitancy in recommending this medicine and I am prescribing it for my patients almost every day."

### Noted Texan Talks

Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, is unquestionably not only one of the best known, but one of the most popular men that ever held office in Texas. He served the people in this important office for 15 consecutive years.

"I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food," said Mr. Anderson. "I suffered with neuralgic pains of the worst sort and nothing seemed to help me except in a temporary way."

"I began to feel better after taking my first bottle of Tanlac and have just now started on my third. I'm a different man already."

H. W. Hill, president of one of the leading banking institutions of South Pittsburg, Tenn., and one of the most successful bankers and business men in Tennessee said:

"I suffered from rheumatism and other ailments for many years and Tanlac has done me more good than anything I ever tried. I now wake up in the morning feeling fine."

"I'm telling all my friends about Tanlac and am recommending it to them, regardless of their age and trouble."

Dr. G. W. De LaPerriere, of Winder, Ga., is not only one of the best known physicians and druggists in the state of Georgia, but is also a man of extensive property and wide influence.

## FORMER MAYOR RECOMMENDS IT

Hon. Frank V. Evans, Of Birmingham, Ala., Makes Strong Statement

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them, is the name of Hon. Frank V. Evans, former Mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Age-Herald. He was also examiner of public accounts of Alabama. In telling of the benefits he had derived from Tanlac, Mr. Evans said:

"For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely and everything I would eat hurt me. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and smothering spells. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath."

"I bought a bottle of Tanlac and to my surprise and gratification I began to feel relief after the first few doses. I kept taking the medicine and now my recovery is simply the talk of Birmingham."

Ranking as one of the leading citizens of that entire section, he has been in the drug business in Winder for 25 years.

Recently Dr. De LaPerriere wrote:

"Our people are much enthused over the beneficial effects of Tanlac and I desire to say that it is the most wonderful seller I ever had in this store."

Other prominent men who have endorsed Tanlac are:

Professor Elmer Morris, of Dover, Tenn.; Professor W. A. Wood, of the Central Graded Schools, Winder, Ga.; C. C. Cooper, president of the Georgia Home Cotton Oil Co., Lawrenceville, Ga.; Hon. S. S. Shepard, member of the Atlanta city council; Hon. George Samuel Riley, former Chief of Police in Macon, Ga.; Hon. C. G. Lavender, register of Williamson county, Tennessee;

Dr. W. H. Brown, 4822 Charlotte Ave., Nashville, Tenn.; founder and president of the Tennessee Protestant Home for Girls; John F. Carroll, cotton mill superintendent, of Chattahoochee and Atlanta; Hon. B. F. Whittington, Judge of the Rolston Court, South Omaha, Neb.; Geo. L. Bedford, Traffic Manager of the Gustin Bacon Manufacturing Co., Kansas City; Mr. James Taylor, Illinois State Mining and Mineral Inspector, residing at Peoria;

Rev. W. C. Norton, pastor of the Wesley Memorial church of Jacksonville, Fla.; Rev. E. G. Butler, pastor Central Baptist Church of Muskogee, Okla.; Hon. R. W. Damon, attorney of Tacoma, Wash.; Hon. C. W. Mangum, of Atlanta, for three terms sheriff of Fulton county, Ga.; Rev. J. H. Dunn, pastor of the Church of Christ, Spokane, Wash.; Judge G. W. Kyser, 1204 W. 9th St., Austin, Texas, and hundreds of others in every part of the country.

Tanlac is sold in Richmond, Ky. by Stockton & Son.

BACK HURT  
ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's  
Vegetable Compound Removed  
The Cause.

Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 413 Jacksonboro St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for women's ills.

Miss Elise B. Smith at Ann Arbor, Michigan.

Mrs. Agnes Patterson, who had the misfortune to fall and break her hip at the home of her daughter, Mrs. D. L. Cobb has been removed to the hospital in Lexington and friends will be glad to know she is doing nicely.

Mr. James Brock, cashier of the Mississippi Valley Trust Company, St. Louis and Dr. T. S. Baker, of Macon, Georgia, were here Monday having accompanied the remains of Mrs. Elizabeth Brock, whose remains were interred in the cemetery here.

Hon. J. A. Sullivan, who has been spending several weeks in St. Joseph hospital, Louisville, left Saturday for an extended stay at Hot Springs, Arkansas. His numerous friends here hope he will be greatly benefited at that famous health resort.

LALLEY LIGHT and POWER

Lalley-Light is a complete unit—engine and generator—with built-in storage battery. It supplies ample electricity for lights, water pump, washing machines, vacuum, cream separator, juicing mill, iron, etc.

Lalley Light Dependability

The reason that Lalley-Light is so sure and reliable is because it is so simple.

Lalley Light gives you two sources of power—an exclusive Lalley feature.

You can get current from the storage battery alone, without running the machine.

Or you can get current from the machine direct, independent of the battery.

Or you can use the battery and the generator together.

Thus you have a double check on Lalley light dependability to produce bright, steady light and ample power at all times.

We should like to show you its varied uses and its low cost, proven by ten years of practical farm duty.

Stop in and see it in operation or let us demonstrate it in your home. No better time than the present to do this.

## "YES OR NO" WHICH DO YOU SAY?

Folks With Thin, Pale Blood Hesitate—Feel Uncertain

Should Take Pepto-Mangan

Red-Blooded Men And Women Know What They Want To Do and Do It

It may be you are just recovering from a sick spell—or may be your system is run down and your blood so weak that you are in a poor shape to resist infection—

But if you don't feel and look robust you are not robust. Such state is often due to weak blood, not enough red blood cells, a condition known as anemia.

The best remedy for anemia (bloodlessness) with its low mental and physical vigor is Gude's Pepto-Mangan.

Pepto-Mangan supplies the weak, watery blood with the very elements it needs to put new life into it. It repairs, re-creates and rebuilds the exhausted blood, the vital fluid of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep seated disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists—Adv.

## Pershing's War Horse Released

Kedron, General Pershing's war horse, has been released from quarantine at Newport News, Va., by the United States Department of Agriculture. It will be remembered that efforts were made to have him released immediately after his arrival in order that Gen. Pershing might ride him in the triumphal parades in New York and Washington. The Department of Agriculture took the position, however, that menace to the livestock interests of the country was such that release of even so distinguished an animal as Kedron came through as sound as the day of his departure for France, the wisdom of the quarantine has been established by the fact that other fellows' mounts in quarantine at Newport News did develop dangerous diseases and two of them had to be destroyed. One of these had a contagious disease not known to exist in this country. The other had trypanosomiasis, an infectious blood disease, akin to dourine, that is more or less prevalent in Northern Africa and Southern Europe. If the quarantine had not been established and these horses had been allowed to go free in the United States, they very probably would have been the means of spreading the diseases to such an extent that it would have been necessary to spend many thousands of dollars to eradicate the maladies, if possible of eradication at all.

## Calf's Modern Mother.

To the calf there is no particular difference between cow's milk and Purina Calf Chow—and to you there is \$15.00 saving per calf. Purina Calf Chow is the nearest duplicate of cow's milk on the market—that's why calves thrive on it and do not scour.

Makes calf raising easy. Sell your milk—raise calves on Purina Calf Chow. You'll make more money with less work. A boy can feed it—just add hot water and give to calf. Sold in Checkerboard bags only by

## Convincing Argument

Read What The Men Have To Say That Have Been Driving Chevrolet Cars And Then You Will Certainly Be Convinced

"Two years of service on all kinds of roads and not out a penny expenditure excepting for oil and gasoline" F. M. Houchell, Calcast, on Lancaster pike.

"Over four thousand miles on five gallons of lubricating oil. To sell my Four-Ninety would only be to buy another." R. H. Ledford, merchant, Paint Lick, Ky.

"Beats all what it will do and at so little expense." Hunter Davis, Buckeye, Garrard County, Kentucky.

"I own a Ford and a Chevrolet Four-Ninety touring car, and every time I go out for a drive in my Ford I run out of gasoline." Reason: Four-Ninety gasoline consumption much the less of he two. W. B. Noe, Silver Creek, Ky.

"I did not realize until I tried it, could hardly believe that my Four-Ninety touring car did not need oil between the times I was instructed to use it, and gasoline consumption very light." Dr. H. C. Pope, Kirksville, Ky.

"We find the Chevrolet touring car much cheaper to run in livery service than any other car; goes anywhere any car will go and at less cost." Boone Tavern Garage, Berea, Ky.

"No question but what it is the best car made today selling for so few dollars." Mr. Brown of Kentucky Motors Corp, Lexington, dealer of Chandler and Cleveland motor cars.

"6300 miles without removing a spark plug or having the valves ground; gasoline and oil consumption very light." R. G. Woods, Paint Lick, Ky.

These are only a few of the many good things we hear Chevrolet owners say about this wonderful car, and to talk with one owner will cause you to come to our place and give us your order for the car you want.

Price advance may be expected by March 1st and we can only promise to deliver at the old prices while our present stock lasts.
